

COVID-19 precautions we are taking and curbside pick-up information.

To protect the safety and health of our staff and customers we recommend or are taking the following precautions:

Our staff will be cleaning counters, doors, and other surfaces at regular intervals throughout the day. Additionally, our staff will be assigned to their specific task/area for their shift and will be responsible for that area during their entire shift to limit movement between our employees and limit sharing of tools and equipment.

We will have one-way direction of traffic in the greenhouses to avoid close contact. Whenever possible, please use a credit card to make purchases. We require face masks for all employees and customers inside our stores. We kindly suggest wearing garden gloves (or any gloves) while shopping for your garden. We will provide boxes when you enter, so you can pack your purchases as you shop and check out with as little interpersonal contact as possible.

Our greenhouses and growing areas are open and airy and we will be limiting the number of customers we have onsite at a time allowing you to avoid large crowds. But, if you have any concerns about shopping at our stores, we will also be offering curbside pickup. To complete your curbside order, please do the following:
